Letter of support and intent: Text+

28.08.2020

Dear Madam or Sir,

With this letter, I state my full support of the Text+ proposal and initiative, in which I am more than happy to participate.

In particular, I am ready to serve as member of the future Scientific Coordination Committee or the Operations Coordination Committee. Furthermore, I am looking forward to participate in thematic workgroups or other formats of academic exchange within and across the various disciplines active in Text+.

I am looking forward to be an active member in the large Text+ community to optimally support the overarching project's aims and purposes.

Kind regards

Petra Wagner
